#### E. New Business

Program Alignment with YHS:  
Holes are the same  
Formations are the same  
Playbooks from YHS  
Clinics from YHS

Wallace doesn't recommend it.  
Heads Up tackling program not used at YHS.  
YHS model not a fit for youth football program

Strengthen our programming:  
\*players stick around for division game (warm up together mites, peewees, juniors)  
\*coaches meet through the entire division to sync the program

Survey to families and coaches, get responses, review as a Board  
Survey to coaches:  
what went well (3 best things)  
what could improve (3 things)  
how closely to align with HS (value, not value)  
coaches/players staying for entire game  
how could we better sync programs at each of the three levels (program wide)  
Specialized coordinators in offense and defense

Debrief with Randy Small in early February
